PROFESSIONAL or LEADERSHIP EXPERIENCE

Three Village Central School District

Camp Leader

East Setauket, NY

July 2017 – August 2021

- Accounted for groups of up to 20 elementary school children (K-6). Taught me important leadership and time management skills, problem solving and responsibility for others.

University of Arizona Interfraternity Council

Recruitment Counselor

Tucson, Arizona

Fall 2024

- Responsible for leading a group of 30 students through the fraternity new member process.

PROJECTS

<https://github.com/louisromeo1>

UFC Fight Predictor:

Fall 2024 - Present

- Engineered Python programs to analyze UFC statistics, simulate matchups, and display visual insights.
- Explored statistical significance and data-driven predictions in mixed martial arts (MMA).
- Demonstrated expertise in sports analytics and modeling.

Tucson Crime Data Analysis:

Fall 2024

- Data science initiative utilizing Python to identify and analyze factors contributing to crime rates and types in Tucson.
- Collaborated in a team environment with clear communication and task distribution.
- Produced a comprehensive [report](#) showcasing advanced data analytics and evaluation techniques.

Portfolio Website:

Summer 2024

- Developed my own professional portfolio website using HTML, CSS, and JavaScript.
- Emphasized responsive design and user experience to highlight technical skills and projects effectively.

Memory Card Game:

Spring 2024

- Developed a Java/JavaFX memory card game in a team of four, implementing features like stats tracking, leaderboards, and an in-game store.
- Leveraged object-oriented programming principles and design patterns to ensure scalable, maintainable code.

OTHER SECTIONS:

Languages: Fluent in English; Conversational Proficiency in Italian and English
